

EDUCATION

B.E (CSE(AI ML)) - Sri Eshwar College of Engineering CGPA : 8.2% (upto 2nd sem)	2024-2028
HSC - Air Force School Coimbatore 76.4%	2022-2024
SSLC - Air Force School Coimbatore 82%	2021 -2022

PROJECTS

Hospital Management System 2025

Developed a secure and scalable Hospital Management System using Python (Django) and MongoDB to manage doctors, patients, and appointments with role-based access control. Implemented RESTful APIs for integration and ensured data validation, integrity, and admin-level management through Django’s built-in tools

AI-POWERED EXAM SYSTEM 2025

Currently developing an AI-powered Exam Question Generator and Evaluation System that uses NLP and Machine Learning to generate dynamic questions, auto-evaluate answers, and produce performance analytics. Built with Python, Flask/Django, and MySQL/PostgreSQL, ensuring scalability through cloud deployment and enabling personalized feedback for learners. Tech Stack: NLP, Machine Learning, Python, MySQL, PostgreSQL

CODING PLATFORMS

Skillrack - Solved 1000+ problems | Received 13 certificates | 200+ Bronzes | [LINK](#)

Leetcode - 60+ problems Solved | Rank :2,675,811 | [LINK](#)

SKILLS

Languages : C | C++ | Python | Java (beginner)
Core Concepts : Data Structures | OOP | Database Management
Web Technologies : HTML | CSS | JavaScript (basics)
Tools : PowerPoint | Canva | VS Code | Eclipse | MySQL Workbench | Excel | GitHub

CERTIFICATIONS

Programming in Java NPTEL	2025
Introduction to UI/UX Workshop RathinamGroupofInstitutions	2025
Generative AI for Beginners GreatLearning	2024
C For Beginners Great Learning	2024

ACHIEVEMENTS

Completed Data Science & Machine Learning Workshop	2024
Completed Introduction To UI/UX Workshop at Rathinam Group of Institutions	2025
